DRIVER REVIVER – CHRISTMAS 2020

Over Christmas/New Year the Driver Reviver Van operated from the Pioneer Cemetery (near the Caravan Park). With our change of location, this will most likely be the place we will organise and operate from in future. Feedback received from the Volunteers about the location was positive. In consideration of our new location, after so many years of volunteering and donating power, water and personal time, I want to thank Onida and Bernie for allowing us to borrow their shop front for a few days of the year.

The Van was in operation for a total of 18 hours with 9 vehicles stopping, and providing refreshments for 14 Drivers and Passengers. This result is an improvement on last Christmas's figures, so it makes these activities worthwhile.

On behalf of the Yilgarn Community Support Group, I wish to thank Robert Bosenberg and the Shire Workers for getting the Van in place for us and for organising our signage, SX Hardware & News for allowing us to leave the Roster, the Water Corp for the bottles of water, the CRC for the advertising in the Crosswords and special thanks to Yilgarn Plumbing & Gas for donating the cost and supplying a portable toilet for the volunteers to use. If I have left anyone out I apologise but we are very thankful to you as well.

Most importantly, the Driver Reviver wouldn't be successful without the generous time given from our Volunteers. I wish to thank Josephine Pollard, Vera Carlson, Colin Cuffe, Rolie Blair, Laurita Symes, Glenice Divitini, Diane Della Bosca and Pat & Lisa Boso.

Thank you Everyone and hope we can count on your support again for Easter 2021.

Our Commitment to You

We believe that partnerships with the community are integral to our success.

This commitment is supported by us seeking your input into our business through surveys, customer feedback and our advisory groups who represent the community, specific interest groups and industry bodies.

Alcohol and pregnancy

There is no known safe amount or time to drink alcohol during pregnancy.

The National Health and Medical Research Council (NHMRC) recommend to reduce the risk of harm to their unborn child, women who are pregnant or planning pregnancy should not drink alcohol.

How is alcohol harmful to unborn babies?

Alcohol is a teratogen, which means it can interrupt the normal development of an unborn baby. The potential outcome from alcohol exposure may vary and can be permanent and lifelong.

A mother's placenta does not protect a baby from alcohol. When a woman drinks alcohol, it passes to the baby, which means the baby receives a similar concentration of alcohol as the mother.

A baby's brain grows and develops throughout pregnancy. Alcohol can interfere with the chemicals necessary for normal brain development. A baby's developing brain is more vulnerable to damage than a mature adult brain. Drinking alcohol at any time during pregnancy, even at low levels, can harm the development of the unborn baby.

Alcohol use when pregnant can cause a range of lifelong physical, mental and behavioural disabilities, known as Fetal Alcohol Spectrum Disorders (FASD).

Some problems people with FASD might experience can include:

- **Growth and birth defects**, such as distinctive facial features, joint and limb abnormalities, heart and kidney defects, and growth problems.
- **Intellectual problems**, such as memory and learning issues, difficulties with speech and language, cognitive deficits, difficulty with judgement, reasoning or understanding consequences of actions.
- **Behavioural problems**, such as hyperactivity and increased irritability, in addition to social and emotional issues.

Alcohol exposure can also cause miscarriage, stillbirth, premature birth and low birth weight.

What about planning a pregnancy?

The NHMRC recommend women who are pregnant or planning pregnancy should not drink alcohol. A baby's brain starts to grow very early in pregnancy, often before the mother knows she is pregnant.

What if alcohol was drunk before finding out about pregnancy?

If a woman drinks alcohol without knowing she is pregnant it does not automatically mean the baby will be harmed. It's important to know it's never too late to stop drinking – every effort made to stop drinking alcohol, or reduce the amount of alcohol consumed, lowers the risk, and benefits the mother's health.

If you or someone you know is pregnant, or concerned that alcohol has been consumed in early pregnancy, or are having trouble stopping drinking, speak with your health care professional. Every pregnancy is different and there are a range of factors that play a role in determining the risk of harm to the baby.

Tips to avoid alcohol when pregnant or planning a pregnancy.

It can be difficult to avoid alcohol in social situations, particularly in the early stages when trying to keep the pregnancy a secret.

Women tell us some of the easiest ways to help them stay alcohol-free is by:

- Having alcohol-free alternatives.
- Arranging social gatherings where alcohol is not a key feature.
- Having a strong support network, which includes partners and friends expressing their support in a woman's decision to not drink alcohol, and joining her in not drinking.
- Having an excuse prepared for why you're not drinking, particularly when wanting the pregnancy to remain secret in the early stages.

If drinking at home is part of the normal routine, consider alternatives to drinking alcohol that might help to relax or wind down, such as taking a bath, going for a walk or listening to a podcast.

Is there support for women who are concerned about their alcohol use, or find it difficult to stop during pregnancy?

If women are concerned about their alcohol use in early pregnancy, or have trouble stopping drinking, it is recommended they contact their doctor, midwife, obstetrician or community health nurse for support and appropriate referral to services.

For anyone concerned about their own or another person's alcohol or drug use, including during pregnancy, the Alcohol and Drug Support Line is a free, confidential, non-judgemental telephone counselling, information and referral service.

The Alcohol and Drug Support Line is available 24 hours a day on **9442 5000** or **1800 198 024** (toll-free for country callers).

For more information, head to alcoholthinkagain.com.au

Even small amounts can affect an unborn baby's development, leaving lifelong impacts.

Right at Home Kalgoorlie Wheatbelt is an in-home care and assistance provider dedicated to supporting our older Australians, and people living with a disability and recovering from surgery or disease.

Our mission is to improve the quality of life for those we serve. We live and breathe this mission everyday and are focused on making sure you and your loved one receive the right care, whenever and wherever it's needed.

We provide the support our clients and their families want, when they want it, and how they want it so that they can continue living independently in their homes.

If you require home care assistance but are unsure what kind of help you need or how care would fit within your homecare package, we strongly recommend contacting us about our free in-home care consultation.

Our experienced care co-ordinator will visit your home and assess your needs and provide a care plan that you can use to decide what would best suit you.

We offer:

- Free, no obligation 30-minute consultation by a health professional.
- Get an individualised care plan that you can use with our carers.
- We do not have any administration fees, care management or package management fees.

This means we can offer more hours of care and support to you or your loved one.

- We work with home care packages, NDIS or we provide private pay.

Feel the difference and experience the Right at Home approach by contacting our office on (08) 9035 0417.
