Did You Know?

Did you know that local residents were deeply shocked by the accident to Des Metzke in 1964, and distressed to hear of his death the following day. Des was a long time resident of Southern Cross and widely known through his hardware business, held before him by his father, and through his connections with the rifle club, Masonic and RAOB lodges, and Yilgarn Industrial Development Committee. A large number of people from all over the State attended his funeral.

Reminiscing a little, Des sold me my first push bike. He had a flair for radio and the Army made use of his knowledge during the war. At first he was allocated telegraphy, which he knew nothing about. He swapped (with army blessing) with a former railway man who was a wiz with Morse code but had been allocated radio.

Des was demobbed a year early so as to help his father in their bicycle shop, which was more important to the country and Southern Cross in particular during the days of petrol rationing.

Certified Customer Service Excellence (CCSE) program

Learn how to deliver exceptional customer service and to be a true customer advocate.

The Certified Customer Service Excellence (CCSE) program focuses on the essential skills and techniques that make customer service better. The program helps build cognitive and effective empathy skills and trains participants to deliver customer service excellence as part of the wider organisational goal of improving customer service and customer advocacy.

Key Learning Outcomes

After completion of this workshop, participants will:

- Recognise how the customer experience links to online reputation
- How to manage customer expectations so that they have a positive experience
- The fundamentals of good customer service and how to deal with difficult customers

About WEROC

Community News

Thank you

A huge thank you to our amazing Shire for assisting Southern Cross District High School with some much needed teacher housing.

We are so thankful for your support and only wish some of the GROH teacher houses were as wonderful as the Shire houses. Thank you!

On behalf of the Moorine Rock Primary School staff we would like to convey a huge thank you to the high school students that attended the YSSSA Cross Country on Wednesday. Their enthusiasm, sportsmanship and encouragement towards the primary students was greatly appreciated and a delight to witness. Their behaviour and willingness to help was a credit to your school and each individual. We were so grateful to have them attend and how impressed we were with their maturity.

COVALENT LITHIUM, MT HOLLAND MINE SITE – CONSTRUCTION OF WATER PIPELINE

Covalent Lithium has received approval to source water from the Goldfields Water Pipeline owned by the Water Corporation to supply potable water for the Earl Grey Lithium Project at the Mt Holland site (formerly known as the Bounty Gold mine). This will involve the construction and installation of a 136 km pipeline from Moorine Rock to the mine site and includes the installation of other supporting infrastructure such as substations and a standpipe. The pipeline will be buried underground within the road verge for the majority of the pipe route and will only be above ground where geotechnical conditions preclude excavation. The proposed pipeline route is provided on the next page. The route and location design of the pipeline have been approved by the Yilgarn Shire.

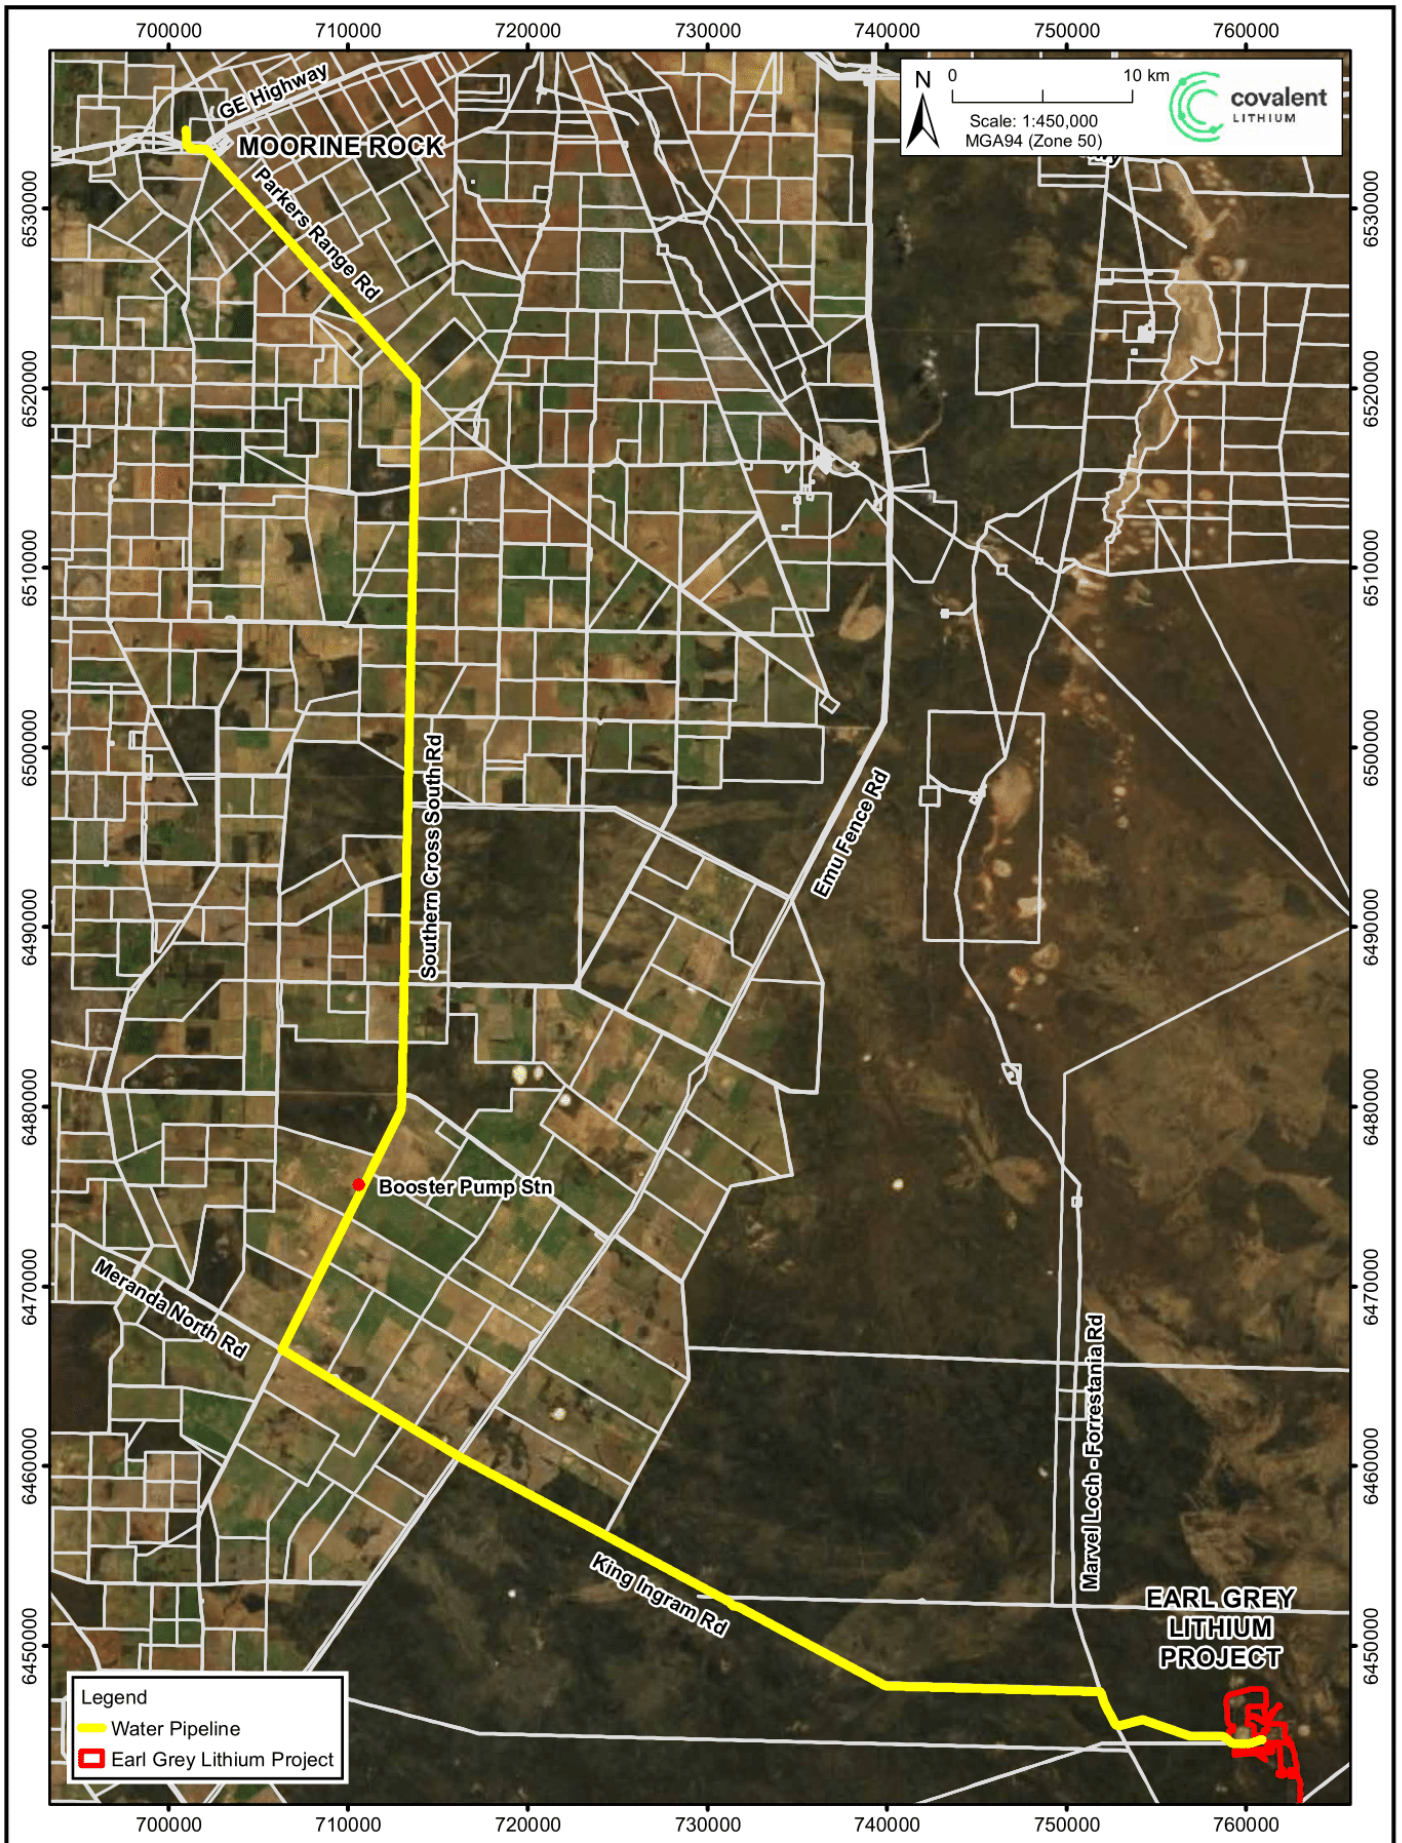

Preliminary work involving the excavation of small test pits to determine conditions will commence in early June whilst pipeline construction activities are scheduled to commence at the end of June and are expected to take approximately eight months. Two trenching and piping crews will commence construction at the northern end of the pipeline working southwards.

In consultation with the Yilgarn Shire we will develop a Traffic Management Plan to provide safe trafficable areas adjacent to the pipeline and to minimise impact to local traffic flow. We are cognisant of restricting any activities and will liaise with individual landholders to minimise any inconvenience.

We have been liaising with the Shire of Yilgarn to ensure all local shire permits and requirements are met, with regular inspections planned to be conducted throughout the program to ensure compliance with health, safety, and environmental requirements.

Should you have any queries please contact our Environment, Approvals & Safety Manager, Anthea Pate on 0409 365133 or by email: anthea.pate@covalentlithium.com
