## Did You Know?

**Did you know** that wearing of white plastic helmets was adopted by WA Fire Brigade Board as standard issue in 1964.

This included Southern Cross volunteer brigade, which moved to the new helmets in lieu of the brass ones at annual demonstrations. The passing of the brass helmet, symbolic for over a century, will arouse nostalgic memories for older members.

When polished up, along with brass tunic buttons and belt buckle, a fireman marching was a sight to behold.

## Seniors Games 2022

*Are you interested in taking part in the Seniors Games for 2022?*

The games will be held in Merredin on Tuesday 5th April 2022 and we would love for anyone over the age of 55 who is interested in participating to join our team!

Please let Monica at the CRC know if you're interested in attending and taking part in the games next year so you can be notified of practice times and essential information.

As the bus will be utilised to attend the games, please let Monica know when registering if you are willing, and hold the applicable licence, to drive the bus for the day.

## Thank you

The Yilgarn Netball Association would like to thank both Nat Beaton and Onida Truran for their kind and generous donations.

Nat donated cool drink & water bottles and Onida donated paper plates, napkins, coffee cups and cutlery. Both donations have helped immensely in our canteen. With the significant amount that Onida donated, we have also been able to share this amongst other Community Groups.

We would also like to thank Pauline Eiffler, Carly Burton & Onida Truran for the time and effort they put in to help select teams for our Mixed Senior Competition and our Country Week teams. This was not an easy task, so all your help was greatly appreciated.

Thank you to the CWA Southern Cross branch for their generous donation to the Southern Cross Hospital Auxiliary.

*Thank You*

## Airborne Electromagnetic Survey - Murchison River Area

Geoscience Australia, in collaboration with The Geological Survey of Western Australia (GSWA), is carrying out an airborne electromagnetic (AEM) survey across a large area in the west of Western Australia.

AEM surveys are widely used for groundwater mapping, as well as for mineral and energy resources exploration. This survey will provide regional data coverage for more informed natural resource management and better focussed exploration investment. The survey is funded via the Western Australian Government's Exploration Incentive Scheme.

### AEM survey method

Aircraft fitted with electromagnetic instruments map variations in the electrical conductivity of the ground to a depth of several hundred metres without any ground disturbance.

### What you may see

A helicopter, towing equipment below it, will make a single pass approximately 100 m above the ground, along tracks 20 km apart (see Figure 1). If you have any concerns with this activity, please make further enquiries via one of the contacts listed below.

### COVID-19 Protocols

The survey will be conducted in accordance with relevant state and national restrictions regarding Covid-19. No ground disturbance will occur within the survey area.

Figure 1: Picture of the AEM system from the ground.

### Important to know

All data produced by Geoscience Australia and GSWA from this survey will be freely available after quality assurance checks have been performed.

### Timeframes

The survey will be flown between August and December 2021. The survey area and flight paths are shown in figure 2. Further information about this survey and a detailed map can be found at <https://www.ga.gov.au/ausaem-survey>
