SHIRE OF YILGARN STRATEGIC COMMUNITY PLAN REVIEW

The Shire of Yilgarn Strategic Community Plan 2020 – 2030 is the guiding document for the Shire of Yilgarn Council and Administration.

It is the responsibility of all Local Governments in Western Australia to demonstrate through their strategic plan, on-going planning for the social, environmental and economic future for the whole of the Shire.

The Plan incorporates the vision and aspirations of the community and allows the Council to prioritise service delivery and projects that have been identified as important to community members.

Whilst the Strategic Community Plan is a ten year plan, it is not fixed for ten years as it would be long out of date by then. Rather, it is a “rolling” plan which is reviewed every two years. The two-yearly reviews alternate between a minor review (updating as needed) and a major review (going through all the community consultation steps again).

Having been implemented in 2020, the plan is due for a minor review in 2022, and whilst detailed community consultation is not required, it is important to obtain the general views of the community, to ensure the Plan is still on the right track with regards to community expectations.

The Shire of Yilgarn is encouraging ratepayers and community members to read the plan and provide feedback on its relevancy and currency given the current social, environmental and economic climate.

The Plan can be found at the link below, or hard copies at the Shire of Yilgarn Administration Office and Southern Cross CRC.

<https://www.yilgarn.wa.gov.au/documents/519/strategic-community-plan-2020-2030>

Submissions can be made to the Shire of Yilgarn Chief Executive Officer via the following methods:

Email: ceo@yilgarn.wa.gov.au

Post: PO Box 86, Southern Cross WA 6426

Hand Delivered: Shire of Yilgarn Administration Office - 23 Antares Street, Southern Cross

Submissions are required by **4:00pm Monday 5 September 2022**.

To assist with your submission, the Shire have provided a guide sheet over the page, however, this is only a guide, feel free to provide feedback you feel is relevant.

If you would like a word version of the feedback sheet, with spaces available for responses, please use the link below. Hard copies will be available from the Shire of Yilgarn Administration Office and Southern Cross CRC, as well as the Shire of Yilgarn stall at the Yilgarn Agricultural Show.

<https://www.yilgarn.wa.gov.au/documents/10799/strategic-community-plan-feedback-guide>

Feedback received will be used to determine whether a modification to the Plan is required. Council will make a determination, based on recommendations from Staff after reviewing submissions, as to whether modifications to the current plan is required. This is intended to be undertaken at the September Ordinary Council meeting.

STRATEGIC COMMUNITY PLAN FEEDBACK GUIDE

1. Social Objectives

The Shire is seeking to create an inclusive, secure and welcoming community that encourages families, youth and the aged to remain and contribute to our Shire in the long term. It aims to do this via recreation, cultural and leisure activities for all ages; retention and upgrade of the current health and education services and infrastructure; high quality and well-maintained aged care facilities; and maintaining a liveable, safe and secure community.

- 1.1 Is the Social Objective relevant to current community needs and expectations?
- 1.2 What is the Shire doing well to address the Social Objectives?
- 1.3 What could the Shire do better to address the Social Objectives?
- 1.4 What events, projects or programs would you like to see to address the Social Objectives?

2. Economic Objectives

The Shire is seeking to create a prosperous future for our community. It aims to do this by improved telecommunications infrastructure; assisting businesses in the Shire to remain competitive and viable; investing in quality and affordable housing; maximizing tourism opportunities; and the safety and quality of transport networks are maintained and improved.

- 2.1 Is the Economic Objective relevant to current community needs and expectations?
- 2.2 What is the Shire doing well to address the Economic Objective?
- 2.3 What could the Shire do better to address the Economic Objective?
- 2.4 Given the community is still feeling effects of a global pandemic, are there areas you feel the Shire should be advocating or investing in to assist the economic climate locally?
- 2.5 Are there any tourism ideas or projects you feel should be investigated by the Tourism Committee?

3. Environmental Objectives

The Shire undertakes to protect, utilise and enhance our beautiful natural heritage. This is sought to be achieved via sound waste management services and recycling processes; valuing the natural environment, where community members in all industries and government invest in landcare initiatives; sound sewerage management; and increased investment in renewable energy.

- 3.1 Is the Environmental Objective relevant to current community needs and expectations?
- 3.2 Are you satisfied with the Waste and Recycling Services, if not what could we do better?
- 3.3 Do you think the shire should be advocating for better landcare and conservation measures?

The Shire aims to provide dynamic and visionary leadership, to guide the community into the future. It aims to be a trustworthy and cohesive Council that functions efficiently and effectively; with a community that respects and values Council staff and elected members; with a Council that creates positive and productive regional partnerships.

- 4.1 Is the Civic Leadership Objective relevant to current community needs and expectations?
- 4.2 Do you feel the Council represents the community in a compliant and responsible manner?
- 4.3 Do you feel the Council & Staff provide adequate leadership to and advocacy for the Community?

WALGA

WORKING FOR LOCAL GOVERNMENT

Facts About Your Rates

How a boom can affect rates

During a boom, Councils increase employee wages to retain staff in a competitive jobs market, increasing budget requirements, which is to be recovered through rates.

How other charges affect rates

Services Councils pay for, such as street lighting, are often subject to price increases. These costs are passed on to councils which increases budget requirements, which in turn increases rates.

Home improvements can affect rates

If the comparative value of your home increases through renovations or an extension, the share of Council budget you pay in rates may increase.

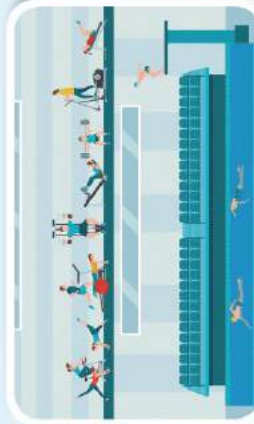

Housing market movements do not affect rates

General changes in the Western Australian housing market have no impact on your comparative share of rates, due to all properties being affected.

Property rental values are independently set

The State's Valuer General sets values used to calculate individual rates according to the Gross Rental Value (GRV) a property could raise if rented. In many country areas, unimproved values (UV) are used according to land value.

How new Council projects affect rates

Councils strive to meet community requests for new facilities such as recreation centres, increasing Council budget requirements, which will be recovered through rates.

How costs of services affect rates

Did you know your rates may also pay for Council security vehicles, seniors programs, disability access and inclusion programs, rangers, community events, waste services and health inspections?

How community facilities affect rates

The local community determines priorities for services and facilities, which impact upon Council budget requirements, which in turn, increases rates.

DID YOU KNOW?

WALGA

WORKING FOR LOCAL GOVERNMENT

Community input

Council budgets are set to meet the aspirations, priorities and vision of their communities, as laid out in their strategic community plans. Your Councillors are part of your community – they live and work in your community and pay rates too.

Rate revenue

Rate revenue as a part of Council budgets, is one of the only discretionary levers Local Governments have to meet community priorities. Most other sources of revenue eg, grants and fees and charges are fixed.

COVID Impact

Many Councils froze their rates during COVID-19 to support their local communities through this difficult time.

Rising costs

No Councillors relish putting up rates but costs to fund facilities and deliver services have increased due to the inflationary pressures everyone in the community is facing. For example, rising fuel and construction costs.

Pioneers of Yilgarn

Stage 1.

Citizens who built this district between years
1887 and 1914

Andre, Christian Henry: Henry built a hotel/store at Parkers Range in 1901 and named it 'The Terminus' While his wife ran the pub, Henry prospected the surrounding area for gold, naming shows he found after his children, Constance Una, Dulcie Jean and Gordon Highlander. In 1910 he moved his hotel license to Marvel Loch, where he built a new hotel named 'South Yilgarn.' A feature was carbide lighting. Andre became the unofficial mayor of Marvel Loch, serving as member of Yilgarn Road Board, storekeeper, postmaster, and band leader. Over the years Andre saw Marvel Loch rise and fall several times, its fortunes tied to the state of mining and price of gold. Andre sold his pub in 1935 at the height of the Mount Palmer boom. He made enough to take a trip around the world, retiring afterwards to Perth. South Yilgarn Hotel still stands. ©Lance Stevens

ASHLEY YONG
LOCAL -IHEAR
AUDIOMETRIST

I was fortunate enough to start my working career in Kalgoorlie and from then on I always knew I would come back to live.

Now I am here to set up to provide hearing care to Kalgoorlie, Norseman, Leonora, Esperance, Kambalda and Southern Cross. I believe this will enhance the lives of generations of locals, helping them to hear, allowing them to engage so they can be heard and helping to maintain the connection that hearing brings with friends and loved ones.
