Can you accommodate a couple of medical students for three nights??

Wheatbelt Medical Student Immersion Program

TUESDAY 14 TO FRIDAY 17 MARCH 2023

Share what living in the Wheatbelt is like with doctors of the future

One hundred medical students will be coming to the Wheatbelt in March 2023. During their stay, they will visit local farms, industry, general practices, hospitals and schools, and participate in community activities.

We need you to provide real-life experiences that will give them an understanding of what it is like to live in the Wheatbelt and perhaps inspire them to become rural doctors.

The students will visit the following towns:

- Bruce Rock
- Merredin
- Westonia
- Kellerberrin/Tammin
- Southern Cross
- Narrogin

As a host, we will ask you to provide accommodation for two or more students, be able to assist with transporting them to/from town, and share what it is like to live in your town with the students. You are invited to come along to a Thank You dinner with the students on the Thursday night.

Why host?

Even if you need the students to roll out a swag in the living room, we want to hear from you if you can host.

This is a life-changing experience for the students, with many having no previous exposure to rural life or the Wheatbelt.

By providing these rural immersion opportunities early in their degree, it has been proven that students are more likely to explore rural career opportunities.

Some students continue to keep in touch and visit their host families, some return to do seasonal work and placements, others have joined mentoring programs, some have inspired host family members to pursue tertiary studies in health and medicine, and some students are now doctors in the Wheatbelt and other parts of rural/remote WA and Australia.

Ladies Day Wrap

On Saturday October 15th the Yilgarn Community Support Group Inc held a Ladies Day for all the Ladies in the Yilgarn and surrounding districts. Even though this was a ticketed event, we wish to thank each and every lady that was able to attend. There were lots of good food, laughter and perhaps a tear or two. We also wish to personally thank our speakers for the day: Sally Panizza, Diane Dixon & Dr Beverley Pascoe. Thank you for sharing your stories and experiences. We also thank Sian Simmons for her Thermomix demonstration, the French dip made was delicious. And, we thank Tanika Treloar for being our wonderful photographer on the day (even when called in on short notice).

Lastly, the day wouldn't have come together as great as it did without the hard work behind scenes; a huge thank you goes out to all our Committee Members.

November is Lung Cancer Awareness Month

Did you know?

- Lung cancer is the third most common cancer affecting both women and men in Western Australia.
- In 2017, 637 Western Australian men and 472 Western Australian women were diagnosed with lung cancer.

Common symptoms of lung cancer include:

- Coughing or spitting up blood (once or more)

Or, for more than four weeks:

- A new cough or change to your usual cough
- Repeated chest infections
- Becoming more short of breath, tired or lacking energy
- Losing weight without trying
- Pain in your chest or shoulder
- Finding it hard to breathe or swallow
- Not feeling hungry.

If you have coughed up blood, even if it was just once, it's important to tell your doctor, clinic nurse or Aboriginal health worker straight away.

If you have had any of the other symptoms for more than four weeks, tell your doctor, clinic nurse or health worker. It doesn't mean you've got lung cancer – often these symptoms turn out to be something less serious. But it's important to tell your health professional and get checked out to be safe.

If it is lung cancer, the earlier it's found, the earlier it can be treated.

Sid's message – 'Slip Slop Slap Seek and Slide' It's National Skin Cancer Action Week 21st – 27th November and with two in three Australians diagnosed with skin cancer by age 70, the action week is an important reminder to use sun protection and of the importance of early skin cancer detection for all Australians as we make our way into summer. It's important to use the five forms of sun protection:

Slip on sun-protective clothing,

Slop on SPF30 (or higher) broad-spectrum, water-resistant sunscreen,

Slap on a broad-brimmed hat,

Seek shade,

Slide on sunglasses.

A combination of these measures, along with getting to know your skin and regularly checking for any changes are the keys to reducing your skin cancer risk. How to check in on someone

Helping others and providing support can make a difference for someone who is having problems and going through a tough time. If you think someone you care about isn't going so well, try the following tips on how to support them and continue to check in on them.

Talk

For most people, just asking if they are okay and listening can make a difference.

By simply being there for someone, they can feel less alone and more supported to open up and talk about how they are really feeling.

Asking open ended questions that require a response is a good way to start the conversation.

FOR EXAMPLE:

- How are you going? What's been happening in your life lately?
- You don't seem quite yourself lately, is something bothering you?
- You seem upset or worried, what's going on? Can I help with something?
- I've noticed you're not going out much lately, anything going on?

Do an activity together

Activities create conversation. Find an opportunity during everyday life activities to start the conversation and ask them how they are really feeling. Try doing activities together such as:

GOING FOR A WALK

GOING TO AN EVENT TOGETHER

GOING FOR A COFFEE OR A MEAL

Listen

Just being there for someone and offering a listening ear can make a difference.

1. Show them that you care and are here to listen to them.
2. Have patience, let others talk and don't judge.
3. Be reflective by repeating what they have said.
4. Keep calm and accept that they may disagree with you.

KICKING THE FOOTY, PLAYING A GAME, SURFING ETC

GOING FOR A DRIVE

ANYTHING THAT ENCOURAGES OR PROVIDES AN OPPORTUNITY TO HAVE A CHAT

Provide support

If the person you're concerned about is in a life threatening situation, or is at risk of harm to themselves or others, call 000.

Getting help early can make a difference. A good place to start is:

- Talk to your GP or someone you trust.
- Call a support line.
- Contact a support service.
- Try the Think Mental Health check-up tool.

They may also need your support while they look for professional help.

Black, Victor: Doctor Victor Black was a government appointed medical officer who arrived in June 1891. He was instrumental in organising the first hospital, a tent on Memorial Hill, then being the driving force for building a proper hospital on the present site in 1895.

His leadership qualities were invaluable, being elected inaugural Mayor of Southern Cross when the Municipality was established in 1892, then given the Warden's duties in 1893. In his spare time he grew grapes.

In 1895 Doctor Black was appointed Principle Medical Officer over the entire Eastern Goldfields. In 1901 he moved from Southern Cross to Perth and went into private practice. Later he left for Victoria where he died at the young age of 44.
