Can you accommodate a couple of medical students for three nights??

Wheatbelt Medical Student Immersion Program

TUESDAY 14 TO FRIDAY 17 MARCH 2023

Share what living in the Wheatbelt is like with doctors of the future

One hundred medical students will be coming to the Wheatbelt in March 2023. During their stay, they will visit local farms, industry, general practices, hospitals and schools, and participate in community activities.

We need you to provide real-life experiences that will give them an understanding of what it is like to live in the Wheatbelt and perhaps inspire them to become rural doctors.

The students will visit the following towns:

- Bruce Rock
- Merredin
- Westonia
- Kellerberrin/Tammin
- Southern Cross
- Narrogin

As a host, we will ask you to provide accommodation for two or more students, be able to assist with transporting them to/from town, and share what it is like to live in your town with the students. You are invited to come along to a Thank You dinner with the students on the Thursday night.

Why host?

Even if you need the students to roll out a swag in the living room, we want to hear from you if you can host.

This is a life-changing experience for the students, with many having no previous exposure to rural life or the Wheatbelt.

By providing these rural immersion opportunities early in their degree, it has been proven that students are more likely to explore rural career opportunities.

Some students continue to keep in touch and visit their host families, some return to do seasonal work and placements, others have joined mentoring programs, some have inspired host family members to pursue tertiary studies in health and medicine, and some students are now doctors in the Wheatbelt and other parts of rural/remote WA and Australia.

**Scitech at Moorine Rock
Primary School – Thanks
Mineral Resources Limited**

On Thursday, 27th October all three school of the Yilgarn – Moorine Rock PS, Southern Cross District High and St Joseph's PS joined together for a day of learning about STEM. The Junior Students did a workshop of Junior Robotics and Coding using bee bots and the Senior students learnt about Eddison Robots and coding them in a Rookie Robotics Workshop. The students took advantage of this time for to eat, play and learn together. Being such small schools students do not often have the opportunity to socialize and learn with other students and have the chance to have this wonderful Scitech experience.

Thank you to Mineral Resources for giving us this great experience.

The Junior Primary Students learnt about coding their bee bots. They had specific challenges that they needed to do on their scitech cards. The bee bots got to be coded to get to certain spot on their map.

It was fun getting the bee bots to do their challenges, lunch was great and playing with the other kids from the different schools was so much fun.

K- Year 1 Class

Moorine Rock PS

After the other schools arrived we got into groups and had lunch. Lunch was great, Wayne cooked a great sausage sizzle and we had an icy pole.

We got to play hide and seek with the other schools and talk to some of the kids.

In Scitech the teachers were called Eliza and Kate, they were nice. First they asked what a robot is and we all got it right. Then Kate turned into a robot and we had to code her.

They showed us how to code using laptops, which could be connected to these little robots on wheels called Eddisons. After a bit they showed us how to get the Eddisons to follow a line and a torch.

To finish off they showed us how to get Eddisons to fight like sumo wrestlers on a board.

Year 3 – Year 6

Moorine Rock PS

Felix

The robots were fun to play with, you could go sumo wrestling with them. The coding part was not the funniest thing, the funniest was the wrestling. Lunch was great with the sausage sizzle.

Reece

We got to play around with the Edison bots and do coding.

Claire

We played with the Edison robots, we had to learn about coding. The teachers were really nice and helpful. Wayne cooked a delicious lunch.

Thank you to the YILGARN SHIRE for supplying a sausage sizzle lunch and a zooper dooper for sweets. Thank you also to Wayne Hewitt for cooking all the sausages. The lunch was enjoyed by Staff and Students from all the schools, it was that good most students had two.

How to check in on someone

Helping others and providing support can make a difference for someone who is having problems and going through a tough time. If you think someone you care about isn't going so well, try the following tips on how to support them and continue to check in on them.

Talk

For most people, just asking if they are okay and listening can make a difference.

By simply being there for someone, they can feel less alone and more supported to open up and talk about how they are really feeling.

Asking open ended questions that require a response is a good way to start the conversation.

FOR EXAMPLE:

- How are you going? What's been happening in your life lately?
- You don't seem quite yourself lately, is something bothering you?
- You seem upset or worried, what's going on? Can I help with something?
- I've noticed you're not going out much lately, anything going on?

Do an activity together

Activities create conversation. Find an opportunity during everyday life activities to start the conversation and ask them how they are really feeling. Try doing activities together such as:

GOING FOR A WALK

GOING TO AN EVENT TOGETHER

GOING FOR A COFFEE OR A MEAL

Listen

Just being there for someone and offering a listening ear can make a difference.

1. Show them that you care and are here to listen to them.
2. Have patience, let others talk and don't judge.
3. Be reflective by repeating what they have said.
4. Keep calm and accept that they may disagree with you.

KICKING THE FOOTY, PLAYING A GAME, SURFING ETC

GOING FOR A DRIVE

ANYTHING THAT ENCOURAGES OR PROVIDES AN OPPORTUNITY TO HAVE A CHAT

Provide support

If the person you're concerned about is in a life threatening situation, or is at risk of harm to themselves or others, call 000.

Getting help early can make a difference. A good place to start is:

- Talk to your GP or someone you trust.
- Call a support line.
- Contact a support service.
- Try the Think Mental Health check-up tool.

They may also need your support while they look for professional help.

**Citizens who built this district between years

Booth, Alfred: Booth was a leading figure in Southern Cross, owning both the Southern Cross hotel which he built in 1890 and the Railway Hotel built in 1895.

Alcohol was termed liquid gold, the population of Southern Cross made up mostly of single men earning good money. Hotels were home from home. Booth still found time for civic duties and was an inaugural councillor on the Municipality in 1892.

He was also involved with the Racing Club when horse racing was popular. Booth died in 1897 of liver complaint aged 45, leaving behind a young family.
