Come and join us for a Yoga class on Saturday 18 March 2017 from 7.30am to 9.00am in the rec centre lounge, held by yoga teacher Nina McGellin. It is not imperative that you attended the workshop to attend the class, everyone is welcome.

What are the health benefits of yoga?

Dozens of scientific trials of varying quality have been published on yoga. While there's scope for more rigorous studies on yoga's health benefits, most studies suggest that yoga is a safe and effective way to increase physical activity, especially strength, flexibility and balance. There's some evidence that regular yoga practice is beneficial for people with high blood pressure, heart disease, aches and pains, including low back pain, depression and stress.

Am I too old for yoga?

Definitely not. People often start yoga in their 70s and often say they wish they had started sooner. There are yoga classes for every age group. Yoga is a form of exercise that can be enjoyed from childhood to your advanced years.

Do I have to be fit to do yoga?

No, you can join a class that's suitable for your fitness level. For example, to join a mixed ability yoga class, you need to be able to get up and down from the floor. Some yoga classes are chair-based.

Don't I need to be flexible to do yoga?

Not necessarily. Yoga will improve your flexibility and help you go beyond your normal range of movement, so that you then feel more comfortable during normal daily activity.

## Yilgarn Bowling Club

Sunday 26<sup>th</sup> February

The Yilgarn Ladies Bowling Club hosted 12 teams from as far away as Corrigin and Kalgoorlie. The day was very hot but we managed to get through three games with some alterations to the programme.

The winners on the day were the team from Merredin Civic. They were the only team that had 3 wins. Kaye Bush, Debbie Heinrich, Chris Satterly and Thelma Motzel. Runners up on 2 wins was the Yilgarn Team. Glenice Divitini, Marg Rafferty, Lorraine Smith, Kay Coward and Laurita Symes filled in for 1 game. 3rd, also on 2 wins, was a mixed team from Mukinbudin and Trayning. Clare Smith, Irene Menegola, Lyn Yates and Carol Hudson

**WE TAKE THIS OPPORTUNITY TO SINCERELY THANK OUR SPONSORS FOR THE DAY.**

**MALCOLM TEALE

**Without your generosity we would not be able to hold these events.**

Many raffles were held on the day and we thank all those who purchased a ticket.

Some of the winners: Mogsy Taylor, Geoff Metzke, Jim Maiklem, Anne Carnicelli, Mick Della Bosca, Marg Rafferty, Erica Currie, Mary Smith, Lorraine Smith, Laurita Symes, Wayne and Di Della Bosca and Nat Beaton.

It was a great day for the club and we would like to thank the ladies from the Southern Cross Tennis Club who catered on the day with the assistance of the ladies from the Bowling Club.

# Pioneers of Yilgarn

Yilgarn timeline (continued)

### 1907

- Council installs its own electric plant for town use after falling out with Frasers mine.
- Bicycle pads put down to outlying settlements of Greenmount, Kennyvale, and Hopes Hill
- SX telephone exchange opens with 14 subscribers.

### 1908

- Football match in SX abandoned due to players being more interested in fighting than playing.
- Several cases of diphtheria confirmed. School drain blamed.
- Mining in Marvel Loch district in full swing. Township laid out.

### 1909

- Croquet Club now has lawn and electric light. Fire Brigade forms own football team.
- Senior Cadet Corp formed, in addition to school cadets. Rifles and ammo free.
- Cricket pitch made of cement taken from Deeming's house, intended for next victim.

### 1910

- Charlie Jones names his new find Bullfinch after birds in the area. A rush is on.
- Tom Riseley, the discoverer of Southern Cross, dies in a Perth hospital.
- Local aborigines come into town to collect their annual blanket quota.

### 1911

- SX benefits from being the gateway to Bullfinch and also Marvel Loch.
- Another room added to the courthouse for mining business due to Bullfinch boom.
- Powerhouse engine replaced with producer gas. Larger plant needed due to town growth

### 1912

- New shops at Bullfinch and Marvel Loch are impacting on business once done at SX.
- Goldfields Water Supply assumes control of town retic scheme once done by Council
- Now three banks and three police stations in Yilgarn. Rly and water extended to Bullfinch

## Texting whilst driving is dangerous!

Turn off your mobile phone before driving.

Driver distraction is the diversion of attention away from driving toward a competing activity. It has been identified as an emerging road safety issue and is ranked by road safety authorities around the world as a significant contributing factor to road trauma.

While there are numerous causes for driver distraction, 'use of a mobile phone whilst driving' and 'use of a television in a vehicle that is visible to the driver' are driving offences in WA, with penalties of a \$400 fine and 3 demerit points.

32% of all road crash deaths and serious injuries in WA between 2005 and 2007 were a result of distractions.

Despite 90% of WA drivers acknowledging the danger of texting while driving, 57%, still irregularly or regularly offend. Two seconds on your phone (whilst travelling at 60km/hour) is the same as 33 metres driving blind.

Research shows that being distracted when driving, such as by a mobile phone, increases the risk of a crash. Simply taking your eyes off the road for longer than two seconds, doubles the risk of a crash. A short lapse of concentration can have lifelong consequences.

See how far you travel when you take your eyes off the road for just two seconds<sup>1</sup>

Travel speed	Metres travelled in 2 seconds
40 km/h	22.22
50 km/h	27.78
60 km/h	33.33
80 km/h	44.44
100 km/h	55.56

<sup>1</sup> Source: Government of New South Wales, Transport for New South Wales (Centre for Road Safety), <http://roadsafety.transport.nsw.gov.au/campaigns/get-your-hand-off-it/index.html>.

The use of mobile phones when driving is well understood by the community, yet still prevalent in many drivers. This is a topic that has lots of promotional material; videos from around the world have dealt with this subject in creative ways. Raising awareness of this issue is possible in many ways such as playing videos at outdoor cinema events and other community events such as the 2017 Dowerin Visual Arts Exhibition. Small grants are available to community groups who wish to work on road safety subjects locally: please contact Cliff Simpson on 0409 686 138.

## Why is Bill Crabtree, Liberal, worth giving your vote to?

Bill is a conservative! When he was 23 years of age he became the President of the largest Guild group on the UWA campus where all the Christian denominations came together, including Catholics. He still believes in justice, truth, integrity and conservative family values and he thinks these are the most important attributes of someone who desires to be a community representative.

Bill's track record shows that he will not flinch at exposing theft and standing up for the downcast. His experience with the No-Till association and with GM crops shows this. Bill has gritty determination to stand his grounds where a principle is being ignored for political expediency. Those who have witnessed him on Twitter and Facebook will know that he has courage to stand up for what he believes is right.

Last year, Bill and Monique invited a homeless person into their house and journeyed with him. He is now in a safe place. Suicide and drugs are real issues in rural WA, Bill believes that he has hope that this issue can be turned around and he has witnessed it in his network of people that he has mixed with through the years. Recently, Bill has increasingly grown in his confidence that prosperous times can be renewed in our Wheatbelt.

Last month Bill hosted Argentinian scientist Geronimo Watson from Argentina in his own house. Geronimo will likely release drought tolerant GM wheat into Argentina farmland next year, lifting yields by 30-40% in droughts. Similarly, Bill has knowledge of frost tolerant genes from two locations in eastern Australia. Combining of these three genes and allowing those farmers that want to use them will likely catapult the WA Wheatbelt back into prosperous times with 50% yield increases being very possible.

However, innovations in agriculture do not just happen. Always there are critics of new technology. To make innovations happen it takes determination, knowledge and courage to come together. In Parliament the gloves must come off to push back dishonest arguments – Bill has regularly proven that he can do this in order to renew Wheatbelt prosperity which will then flow through with employment and businesses that support the towns. Give Bill a chance to make your rural lifestyle prosperous again, Vote Bill Crabtree one this Saturday. If in doubt, ask your local farmers, most know him and his 35 year track record!

**DENNIS PEASE**  
**AUSTRALIAN CHRISTIANS CANDIDATE**  
**CENTRAL WHEATBELT**

It has been said that the past is the key to the future. Or, to put it another way, to know which way we should be headed, we need to know where we are now, and to fully understand where we are now, we need to know where we came from.

Australia, and the Australian way of life that we have all enjoyed, was founded on Christian values. These Biblical values were the foundation on which our great nation was built. The Australian Constitution starts with the words. “**Humbly relying on the blessings of Almighty God...**” The fathers of Federation clearly recognised and understood the importance of these principles to the establishment and development of our nation.

Governments are increasingly ignoring the importance of our Christian heritage, and sadly, we are turning away from God and from Godly values and principles. We are losing site of where we have come from. We are allowing these important values and principles to be eroded away in the name of “political correctness” or “multiculturalism” or just “being progressive”.

**Australian Christians** believe that we as a nation and as individuals, should be recognising the importance of our Christian Heritage and start to re-establish the values that made our nation great.

**Voting 1** for **Australian Christians** in both the lower and the upper house, will send a message to Government that there are many Australians who still believe that these foundational values are still important.

You may be a traditional supporter of one of the major parties and I respect that, but with the preferential voting system used in the Lower House you can **Vote 1** for **Australian Christians** and 2 for the party of your choice and your vote will still flow on to that party at full value while at the same time you have supported the values that made our nation great.

These are the things I stand for:

- I support marriage as being between one man and one woman, for life.
- I support the respect and defence of all human life from conception to natural death.
- I will campaign to completely abolish the diabolical “Safe Schools” program.
- Maintenance and upgrading of infrastructure must be a priority for any government. Wheatbelt roads require massive upgrades not just band-aids. Derelict pipelines are pouring millions of litres out onto the ground while governments are spending thousands of dollars advertising for people to save water.
- Western Power must **not** be sold, but should be properly resourced.

Thanks for reading this and may I respectfully ask that you seriously consider **Voting 1** for **Australian Christians** in the coming March 11<sup>th</sup> State Election. Please feel free to contact me if you need any info or if you can hand out how to votes at a booth near you.

## Our plan for WA

- ✓ \$7.2 billion in new revenue 
- ✓ \$277 million to continue investing in agriculture 
- ✓ \$158 million commitment to education for regional and remote students 
- ✓ \$52 million to improve and expand the Patient Assisted Travel Scheme 
- ✓ \$69 million to improve telecommunications and increase regional connectivity 
- ✓ \$610 million to support regional tourism 
- ✓ \$61 million to make regional roads safer 

On March 11 back the team that is doing the hard yards for regional WA.

## THE FACTS ON THE MINING LEVY

- Increasing the special lease rental will raise \$7.2 billion over four years
- All \$7.2 billion raised will stay in WA
- The special lease rental is an existing charge not a new tax - and it's tax deductible!
- Mining bosses are already automating and sending jobs offshore

Nobody else is still paying 1960s prices - why should the two biggest companies in WA?

## SOUTHERN CROSS

23 Taurus Street

1059m<sup>2</sup>

\$145,000

- Great house with heaps of extras
- Here we have a large block of 1059 square metres with house, pool and large shed.
- The three bedroom, one bathroom house has a large functional kitchen, tasteful bathroom and good sized lounge room.
- You could spend hours enjoying the below ground swimming pool and spa to the rear of the house. A large veranda overlooking the pool is the perfect place to relax and entertain.
- There is a large, modern 9m x 7m workshop at the rear of the house which is powered and has a concrete floor. It would cost a huge amount of money to replace this shed.
- Serious money has been spent on this house in recent years, inspection comes highly recommended.
