LANDFILL CHANGES

Please be advised that the Southern Cross Rubbish Transfer Station, located on Southern Cross South Road, is due to close at the end of March 2018.

From April 2018, all rubbish is to be taken to the Southern Cross Landfill Facility. The landfill access road feeds off Southern Cross South Road, approximately 4.6km's south of the Great Eastern Highway intersection.

The closing of the transfer station will result in significant savings for the Shire and ratepayers by eliminating transport costs between the transfer and landfill sites.

The landfill facility will be a staffed site, please ensure you follow directions from the attendant for your safety, and the safety of others using the site. To ensure costs are kept to a minimum, the operating hours for the site will be restricted.

LANDFILL OPENING HOURS

The opening hours for the new landfill facility are as follows:

Monday:	Closed
Tuesday:	12:00pm to 5:00pm
Wednesday:	Closed
Thursday:	Closed
Friday:	12:00pm to 5:00pm
Saturday:	1:00pm to 4:00pm
Sunday:	8:00am to 11:00am

Residents will not be charged for depositing residential waste at the site during opening hours. Please make sure you bring with you some form of identification that shows you are a resident of the Shire of Yilgarn.

Commercial operators will be charged as per the fees and charges; these are available on the Shires website www.yilgarn.wa.gov.au. There will be no money transactions onsite; all commercial operator payments will be via pre-payment or invoicing.

Bulk cardboard and comingled recycling bins will still be located at the Southern Cross Sports Grounds for use at any time.

The Shire is undertaking a trial for the first three months of the changes, with your feedback welcomed. A review will be undertaken of the first three months, after which Council will again consider opening times. Should you wish to provide feedback, please email mrs@yilgarn.wa.gov.au or write to the Shire with the heading "Landfill Comments".

Your cooperation during this transition phase will be appreciated. This is a necessary step in reducing rubbish and landfill costs to ratepayers.

**Citizens who built this district between years
1887 and 1914**

Howlett, George: Owned the Sunbeam mine where he erected a battery in 1905 and took in public crushings. When Marvel Loch was discovered he moved his battery to the new find where he continued to take in public crushings. His battery was a lifeline for the small mines with nowhere else to crush, and was instrumental in keeping the south district going. George kept operating for many years, his nephew taking over the battery after the war and continuing to keep the district alive. The battery also provided much needed work for locals. In later years the government took it over and renamed it Marvel Loch State Battery. It banged away as the only public battery in Yilgarn, a life-line for prospecting. George Howlett's legacy to the district closed during the mid-1980's, replaced by more modern crushers when the gold boom of the 1980's and 90's took off.
