Meetings will usually be held on the third Friday night of the month at the meeting rooms at the Senior's Centre.

Pioneers of Yilgarn

Stage 1.

**Citizens who built this district between
years 1887 and 1914**

Riseley, Tom: Leader of the phoenix syndicate which discovered the first gold at Southern Cross in May 1888.

He named his find 'Southern Cross' after using the star constellation to save his life after running out of water.

A leading citizen for some years he carted in the first mining plant to Southern Cross, for which he received a citation.

Afterwards he managed the York to Yilgarn stage coach line, driving the first 'four in hand' coach.

A railway builder by trade, he also helped plan and build the railway to Coolgardie in 1896, his children attending Southern Cross State School during this period.

One of the most respected men in the community, he is deserving of the term 'pioneer.'

Harvest Mass Management Scheme 4 Step Guide

Follow these four steps to ensure you are ready for the 2019-20 HMMS harvest period:

Confirm RAV Network

- Transport operators and farmers need to ensure all roads they use are approved for the particular RAV combination being used. This information is available on the RAV Mapping Tool. Roads endorsed under a HMMS Road List in 2018-19 will be approved if they meet the minimum safety standards. If the roads requested do not meet the minimum standards, the applicant will be contacted by Main Roads and advised accordingly.

New RAV Access is Required

- If additional roads are required, the transport operator or farmer needs to apply for new RAV access via the standard RAV application process. DO NOT submit a HMMS Road List to Main Roads. Further information and application form is available on the Road Access page of our website.

Register for HMMS

- The transport operator must register their vehicles with a registered Grain Receiver. They should also familiarise themselves with the Business Rules available on the Harvest Mass Management Scheme page of our website.

Commence Operating

- Once the roads you require are all approved for the relevant RAV combination being used, your vehicles are registered with a Grain Receiver, and you are familiar with the Business Rules, you are ready to start carting for the harvest season.

For more information about HMMS contact our Heavy Vehicle Help Desk on 138 486 or visit the Harvest Mass Management Scheme page of our website at www.mainroads.wa.gov.au

Changes to the Scheme

- ◆ The 'first and last mile' special RAV access arrangements have been finalised.
- ◆ HMMS will continue, however will revert to its original intent as a mass management scheme.

Access Update

- ◆ 1053 roads were endorsed under HMMS Road Lists for the 2018-19 harvest period.
- ◆ Onsite assessments are underway with the intent to add these endorsed roads to the relevant RAV Networks prior to the upcoming harvest period.
- ◆ This eliminates the need for future special access arrangements under HMMS.

Key Points

- ◆ No changes to the HMMS mass provisions.
- ◆ Apply for new RAV access early, allowing up to 12 weeks.
- ◆ HMMS access is now via RAV Networks or Restricted Local Access Permits.

Harvest Mass Management Scheme

What you need to know for 2019-2020 Harvest Period

Register for HMMS

- ◆ If you wish to participate in HMMS, continue to register your vehicles with a participating Grain Receiver.
- ◆ Familiarise yourself with the HMMS Business Rules, available on the Harvest Mass Management Scheme page of our website.
- ◆ DO NOT submit a HMMS Road List to Main Roads.

New RAV Access

- ◆ If there are additional roads you need, for an upcoming harvest period, which are not approved for RAV access and you did not apply for them under HMMS last season, you will need to apply to Main Roads to have the roads assessed via the standard RAV application process.

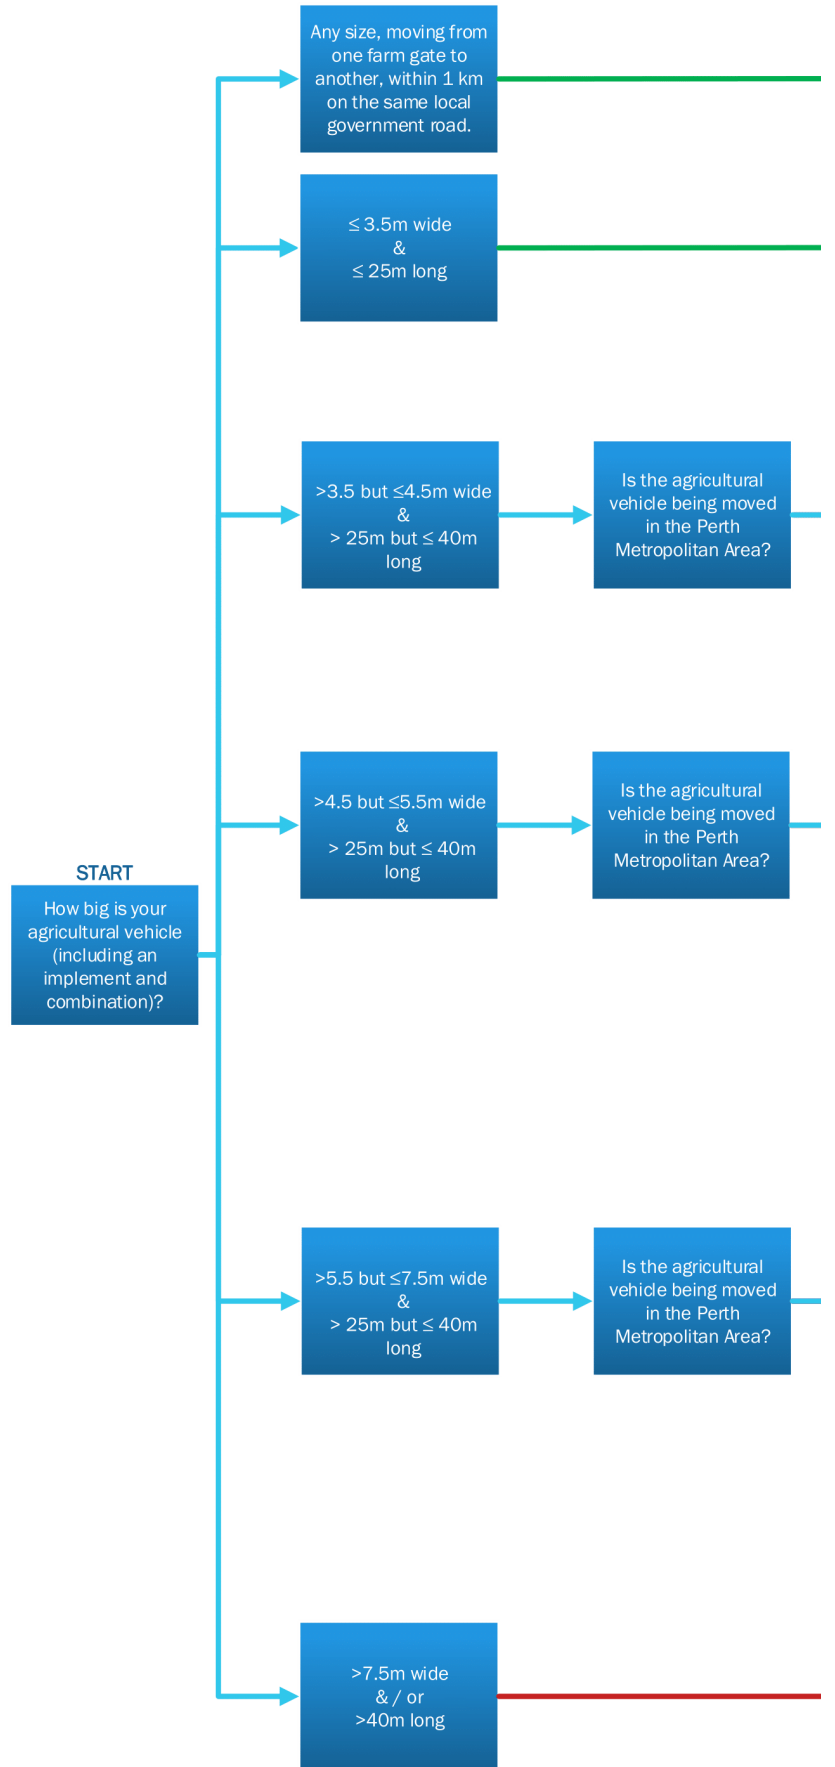

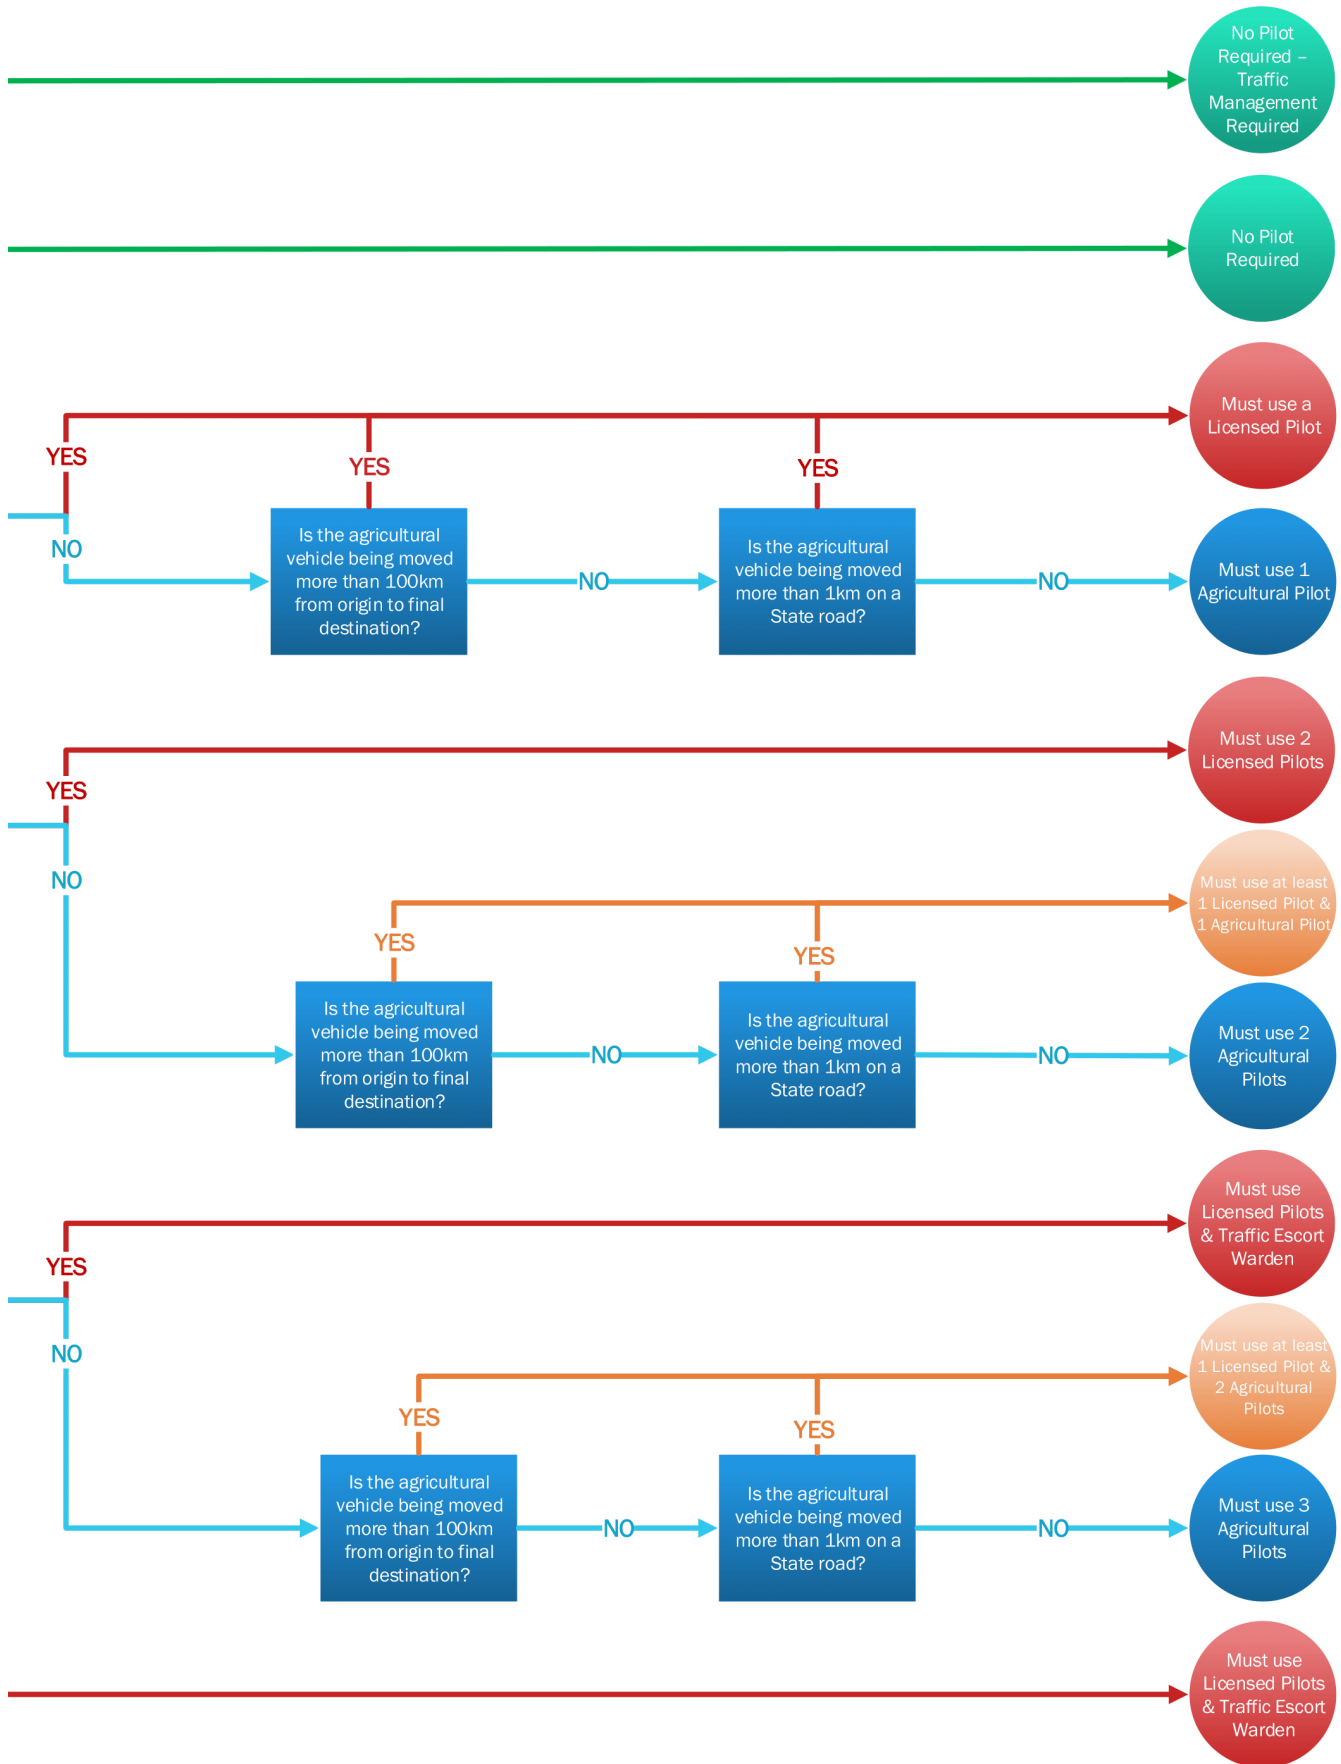

RAV Access Options

- ◆ Use a Category 1 RAV vehicle combination that is 20 m or less in length and 50 t or less in gross mass on any road.
- ◆ Use a RAV that is greater than a Category 1 RAV vehicle combination on approved RAV Network roads.

For more information about HMMS contact our Heavy Vehicle Help Desk on 138 486 or visit the Harvest Mass Management Scheme page on our website at www.mainroads.wa.gov.au

Wheatbelt Tackling Indigenous Smoking (TIS) go to Alice Springs!

Connie attended the National Tackling Indigenous Smoking (TIS) Workers Workshop with the Wheatbelt Team in Alice Springs from 2-4 April.

It was a moorditj experience, full of learning and networking. The team loved visiting the land of the Arrernte people and seeing the landscape of caterpillar dreaming.

Free Whooping Cough Vaccinations for Pregnant Women in Their Third Trimester

Rochelle our Vulnerable Families Coordinator has just reached the third trimester of her second pregnancy. Bec our Child and Community Health Nurse is vaccinating Rochelle with the Pertussis (Whooping Cough) vaccine.

Although whooping cough can be serious in adults, it is most severe for babies who are too young to receive the vaccine themselves. Pregnant women should get a dose of pertussis vaccine during the third trimester of every pregnancy, to protect their newborn from whooping cough.

You can receive the free vaccination from your local Child and Community Health Nurse or Doctor. To find out more please contact 9081 3222.

Merredin Circle of Security Program a Great Success!

Seven mothers attended a series of parenting workshops called "Circle of Security" (COS) in Merredin. These workshops were facilitated by Margaret from WANSLEA Parenting Connection and Dianne Child Health Nurse.

Some comments from parents who attended the COS workshops included: "It helped me to understand my child's emotions and the need to be there to support her emotional needs"

To learn about the next program speak with your local Child and Community Health Nurse.

Experiencing Grief? Kate our Social Worker is here to help.

Loss and grief is an inevitable part of life, and you can experience it for many reasons. Grief can leave you feeling sad, angry, anxious, shocked, regretful, relieved, overwhelmed, isolated, irritable or numb.

If you feel burdened by grief and loss and you feel that you would like further support please contact Kate the Social Worker at Eastern Wheatbelt Primary Health Service.

The service is confidential. You can self-refer by calling 9081 3222 or request referral from your doctor.

Marketing Your Food and Beverage Product in a Changing World

**Are you looking to add value to your farm produce?
Are you ready to take the next step to develop your marketing plan?**

Marketing Your Food and Beverage Product in a Changing World will outline inspirational ways that agricultural producers and processors can realise market opportunities, taking into consideration the changing consumer and retail demands.

Presented by John Stanley, owner of award-winning food and beverage business Chestnut Brae and global consultant on agri-tourism with over 40 years' experience.

Key topics will include:

- What is changing and what does the world want?
- Understanding the consumer and your supply chain
- What makes your product and/or service unique?
- Developing a marketing toolkit that works for you

When: 9.00am – 1.00pm, 25 June 2019

Where: Cummins Theatre, 31 Bates St, Merredin

The Food Industry Innovation (FII) project of the Department of Primary Industries and Regional Development (DPIRD) supports Western Australian businesses working in the value-added premium food and beverage sector to enable producers and processors to better capture market opportunities, enhancing business viability and growth.
