COMMUNITY SURVEY REVIEW OF COMMUNITY STRATEGIC PLAN

The Shire of Yilgarn is undertaking a comprehensive review of its Community Strategic Plan 2018-2028 to develop where appropriate, new directions and strategies as part of its integrated planning process. The new plan will shape Council's direction for the next ten years, 2020-2030 and beyond. The Plan is required to be adopted by council prior to 30 June 2020 and it is important that this process is started now to ensure a thorough public engagement process is undertaken.

It is important for Council to consult with the whole community and therefore, your input into the long term direction, future vision and aspirations for the Shire of Yilgarn is integral to the Plan's development.

As with all future planning processes, resources (both human and capital), budget constraints, legislation and common-sense, play a critical role in what can be achieved and incorporated into the final document.

The Community Survey is one way in which Council will be undertaking the consultation process, it is also planned to conduct public meetings and one-on-one discussions with key stakeholders to ensure residents have every opportunity to participate.

To cover a wider audience as possible, the Survey can be completed online by accessing Shire of Yilgarn webpage www.yilgarn.wa.gov.au. For those unable to complete the survey online, one will be delivered via post to all residents.

Whether you're young, older, have recently moved to the Shire or have been a long-time resident, your feedback is extremely important to Council as it develops the above Plan.

The online survey will close at 5.00pm on Friday 6th September 2019. Hand written Surveys can be returned to the Shire of Yilgarn, PO Box 86, Southern Cross WA 6426 or deposited into the specially marked Survey Box at the Shire Offices.

About the Railway Hotels of Australia Author, Scott Whitaker

Scott Whitaker

Scott Whitaker grew up in Melbourne in the 1960s and 1970s before being transferred to Queensland with his employer Aircservices, then Department of Aviation. After working in Air Traffic Control for over 30 years, he retired a few years ago.

Scott returned to Melbourne but has recently returned to QLD to soak up the sunshine at Bowen (northern region of the Whitsundays). He has two adult children.

His interests include railways, probably kindled by the stories told by his grandfather who was a locomotive fireman on steam engines during the Second World War, Australian history and travel.

It is these interests that Scott collectively seized upon at retirement as he entered the world of authorship, travelling around Australia, to explore the history of the Railway Hotels of Australia.

This all-ages talk lasts about an hour and covers many topics such as the coming of the railway, pub life, general history of the state – social, political and economic - over the past 170 years. Scott will also cover topics such as self-publishing and researching.

EXPRESSIONS OF INTEREST WANTED!

“Window to the Regions Project”

Are you interested in photography (pro and amateurs welcome!) and want to take part in a project to capture a “Photo Story”?

For more information, or to register your interest, please contact the CRC on crc@yilgarn.wa.gov.au or phone 9049 1688.

BE INSPIRED TO CAPTURE A PHOTO STORY.

This 3 hour workshop will give you the tools and inspiration you need to go out and start a photography project. By creating a photo story, you have the opportunity to put into practice different photography genres such as portraiture, documentary, capturing action and detail plus you will learn to edit and order your images into a coherent story.

Create a photo story to vividly capture events in your life or to take customers behind the scenes of your business or simply to learn a new skill. Take the focus off the technical and onto the content of your images.

How can you capture atmosphere and real emotion?

How does lighting effect the mood of your photos?

What types of images help make a coherent story?

What are some helpful tips for photographing people?

Apps and creative programs and much more.

No prior photography experience is necessary. Expensive camera equipment is optional. If you would like to use your smart phone go ahead! You will probably surprise yourself.

One of the aims of this workshop is to bring community together in a focused way. People living in rural and remote communities have different levels of photography experience. There are a range of ages, male and female from all walks of life.

It doesn't matter whether you are shooting on a DSLR, a compact camera or smartphone you can all capture memorable images that tell a story. This workshop is all about learning by doing and having a creative project with an end result. Put into practice what you learn but more importantly learn while you do it... and have fun!

Be part of our online community 'Our PhotoStories' and share your stories for guidance, feedback and inspiration.

Astrid Volzke loves to capture stories and real emotion. The character and atmosphere of people and place. Working as a press photographer for 9 years at the West Australian Newspaper shaped her documentary style of photography. Astrid uses her knowledge of visually capturing stories plus her versatility in documenting people from all walks of life and all situations to inspire others to push the boundaries of their photography skills and experience.

Changes to the Scheme

- ◆ The 'first and last mile' special RAV access arrangements have been finalised.
- ◆ HMMS will continue, however will revert to its original intent as a mass management scheme.

Access Update

- ◆ 1053 roads were endorsed under HMMS Road Lists for the 2018-19 harvest period.
- ◆ Onsite assessments are underway with the intent to add these endorsed roads to the relevant RAV Networks prior to the upcoming harvest period.
- ◆ This eliminates the need for future special access arrangements under HMMS.

Key Points

- ◆ No changes to the HMMS mass provisions.
- ◆ Apply for new RAV access early, allowing up to 12 weeks.
- ◆ HMMS access is now via RAV Networks or Restricted Local Access Permits.

Harvest Mass Management Scheme

What you need to know for 2019-2020 Harvest Period

Register for HMMS

- ◆ If you wish to participate in HMMS, continue to register your vehicles with a participating Grain Receiver.
- ◆ Familiarise yourself with the HMMS Business Rules, available on the Harvest Mass Management Scheme page of our website.
- ◆ DO NOT submit a HMMS Road List to Main Roads.

New RAV Access

- ◆ If there are additional roads you need, for an upcoming harvest period, which are not approved for RAV access and you did not apply for them under HMMS last season, you will need to apply to Main Roads to have the roads assessed via the standard RAV application process.

RAV Access Options

- ◆ Use a Category 1 RAV vehicle combination that is 20 m or less in length and 50 t or less in gross mass on any road.
- ◆ Use a RAV that is greater than a Category 1 RAV vehicle combination on approved RAV Network roads.

For more information about HMMS contact our Heavy Vehicle Help Desk on 138 486 or visit the Harvest Mass Management Scheme page on our website at www.mainroads.wa.gov.au

Harvest Mass Management Scheme 4 Step Guide

Follow these four steps to ensure you are ready for the 2019-20 HMMS harvest period:

Confirm RAV Network

- Transport operators and farmers need to ensure all roads they use are approved for the particular RAV combination being used. This information is available on the RAV Mapping Tool. Roads endorsed under a HMMS Road List in 2018-19 will be approved if they meet the minimum safety standards. If the roads requested do not meet the minimum standards, the applicant will be contacted by Main Roads and advised accordingly.

New RAV Access is Required

- If additional roads are required, the transport operator or farmer needs to apply for new RAV access via the standard RAV application process. DO NOT submit a HMMS Road List to Main Roads. Further information and application form is available on the Road Access page of our website.

Register for HMMS

- The transport operator must register their vehicles with a registered Grain Receiver. They should also familiarise themselves with the Business Rules available on the Harvest Mass Management Scheme page of our website.

Commence Operating

- Once the roads you require are all approved for the relevant RAV combination being used, your vehicles are registered with a Grain Receiver, and you are familiar with the Business Rules, you are ready to start carting for the harvest season.

For more information about HMMS contact our Heavy Vehicle Help Desk on 138 486 or visit the Harvest Mass Management Scheme page of our website at www.mainroads.wa.gov.au

Pioneers of Pilgarn

Stage 1.

**Citizens who built this district between
years 1887 and 1914**

Saw, Charles: Opened the first bank in Southern Cross, a branch of the Commercial Bank in December 1890. Beforehand a system of IOU's was in vogue due shortage of cash.

The bank had to be staffed by two officers due no telegraphic communication with head office.

It was here where Arthur Bayley brought 559 ounces of gold when he discovered Coolgardie. In 1893 Saw resigned and purchased Cameron's store. He did well and started a stage coach line between Southern Cross and Coolgardie.

Afterwards he moved to Perth where he was elected a metropolitan councillor and president of Perth Stock Exchange.
